

These are estimates for the new park mower. Ferris ISX3300 with a 60 inch cut, 40hp engine, light kit, and trailer hitch kit.

I contacted

Harrison Street Power Equipment- \$14,939.17

Bendle Lawn Equipment- \$16,820.00

Haltom Equipment inc.- \$15,323.84

I recommend Harrison for price, service, and customer service. This is where we have bought the last few mowers from.
