RE: Letter of Support Hancock County Quality of Life Plan

Dear Plan Commission Members,

On behalf of the McCordsville Town Council, I'm writing in support of the Hancock County Quality of Life Plan. Representatives of the towns of Cumberland, McCordsville, New Palestine, Fortville, Shirley, and Wilkinson, City of Greenfield, and Hancock County have collaborated on an initiative to develop a Quality of Place Plan.

The Hancock County Quality of Life Plan establishes a vision and goals to protect and enhance Quality of Life for all residents of Hancock County. Further, the Hancock County Quality of Life Plan identifies strategies for implementation that focus on art, history, and recreation as foundational principles to enhance Quality of Life for current and future County residents.

Quality of Life is an important factor for residents choosing a home as well as businesses wanting to locate near where their employees live. Therefore, the McCordsville Town Council supports the adoption of this plan and thanks the Community Foundation of Hancock County and the Hancock Economic Development Council for leading this collaborative effort.

Sincerely,

Greg Brewer
President
McCordsville Town Council
