Larry L. Trittipo, PO Box 201, 403 E. Main, Spiceland, IN 47385-0201

Thru: Ryan Crum, Director Planning and Building, Town of McCordsville

To: Town Council, Town of McCordsville

Request for Agricultural Burning; October 2025 to May 2026

Reference my past requests for agricultural burning on our property located between CR650N and CR600N (W SE 35-17-5 35.05AC, map showing the property location is an attachment).

The agricultural burning will be accomplished by myself and or Jacobi Farms who lease the property. Only tree limbs and brush removed from fence rows on the property will be burned. No trash and or hazardous materials will be burned at any time on the property.

I understand that burn piles must be located more than 250 feet from the property line, from a building or from public roads. Nothing will be burned if weather conditions such as; high winds, or exceptional dryness, prohibit such burning.

Any burning will be accomplished after the 2025 fall harvest (October) and prior to the 2026 spring planting (May).

Respectfully,

Larry L Trittipo

Attachment: Map of property.
