Engineer's Report

Below is a listing of project updates for the month of April.

- IT Upgrades – Sensory has installed the equipment and is complete except for the final invoice.
- 600 West Realignment – Discussions with INDOT continued. We are now waiting on INDOT for their internal discussions on relinquishment before formal negotiations with the town may begin.
- 600 West Mill and Resurface (CCMG project) – Preconstruction meeting was held on 3/30/19. Milestone is planning on starting on 5/13/19.
- 600 North Mill and Resurface (CCMG project) – Project is complete except for striping.
- McCord Road project – No update for this month.
- WWTP Design – Design under way. Process drawing revisions were the focus for the past month. There were a couple of meetings to discuss the polymer system and the selection of liquid versus dry polymer. The decision was made to remain with the liquid polymer for now but allow space for a dry polymer system to be added in the future.
- Manhole Rehab and Force Main Air Release Valve Rehab project – List in continued to be updated as time allows.
- Stansbury Lift Station – No update for this month.
- Stansbury & Schultz Ditch Relocation – Banning prepared the contract addition for the added LOMR along with the added cost.
- MS4 Audit preparation – No update for this month.
- Stormwater Ordinance update – nothing this month.
- Hanna/Center Storm Sewer – Utility coordination is underway.

- 500 North Drainage – Research found that there is scope of the 600 West county project that includes a storm sewer along the east side of 600 West. It will make the majority of the town's project redundant.
- Geist Montessori School – The full building permit was released.
- Weaver's Landing Section 1 – Drainage approval was released. Preconstruction meeting was held. Contractor is Harvey Construction.
- Woodhaven Section 5A (passing blister) – No update for this month.
- Woodhaven Section 7 – Drainage approval was released.
