Thru: Ryan Crum, AICP, Director Planning and Building, Town of McCordsville

To: Town Council, Town of McCordsville

Request for Agricultural Burning

I am again requesting approval for agricultural burning on the property located at W SE 35-17-5 35.05AC (W 600 N) (same location as past years).

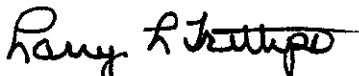

Agricultural burning will be completed by myself or the operators of Triple J Farms and will involve the burning of tree limbs/brush removed from fence rows.

Rubbish, trash, or hazardous materials will not be burned on the property.

I understand that burn piles cannot be located within 250 feet of structures or public roads.

Based on weather conditions agricultural burning will be conducted after the harvest of 2021 (October) and before the spring planting of 2022 (May).

Respectfully,

Larry L Trittipo
