Variance Information

Describe the variance requested: For the garage to protrude approx 7' past the front portion of the home. For the living area to be approx. 2100 sq. ft. The exterior rear corner siding trim to be less than 6" wide.

Development Standards Variance Requested:

|--|--|
| <input type="checkbox"/> Building Height | <input type="checkbox"/> Entrance / Drive |
| <input type="checkbox"/> Building Setback | <input type="checkbox"/> Sight Visibility |
| <input type="checkbox"/> Lot Coverage | <input type="checkbox"/> Fence and Wall |
| <input type="checkbox"/> Lot Width | <input type="checkbox"/> Landscaping |
| <input type="checkbox"/> Lot Area | <input type="checkbox"/> Buffering and Screening |
| <input type="checkbox"/> Parking | <input type="checkbox"/> Exterior Lighting |
| <input type="checkbox"/> Loading | <input type="checkbox"/> Sign |
| <input checked="" type="checkbox"/> Other (please specify): <u>garage protruding, less than 2500 sq. ft., rear corner siding trim less than 6" wide.</u> | |

Describe reasons supporting the variance requested: The garage is based on the floor plan. The four different depths add design to the front of the house. 2100 sq. ft. is the size of home we need & can afford. 1200-1500 sq. ft. seem to be the minimum sq. ft. requirements in most ^{areas} ~~areas~~. The exterior vinyl corner trim is only on the rear corners of the home & I ~~also~~ chose to have it the same color as the siding if possible. So far, we have not been able to find it in 6" wide.

Development Standards Variance Criteria

The McCordsville Zoning Ordinance establishes specific design criteria that must be met in order for a variance to be approved. Please answer each question below and if the response is "NO", please describe why the variance requested does not meet the required criteria.

Will the variance provide safe conditions that will not be injurious to the public health, safety, morals, and general welfare of the community?

YES NO, Please Explain (attach additional pages as necessary): _____

Will the use and value of the area adjacent to the property included in the variance not be affected in a substantially adverse manner?

YES NO, Please Explain (attach additional pages as necessary): _____

Will the strict application of the terms of this Ordinance result in a practical difficulty in the use of the property? This situation shall not be self-imposed, nor be based on a perceived reduction of, or restriction on, economic gain.

YES NO, Please Explain (attach additional pages as necessary): _____
