- The development is for 69 units with five units per acre.
- The product includes duplex and quads priced between \$325,000 to \$400,500 as well as some single homes.
- Amenities proposed include walking trails, clubhouse, pool, dog park, community garden, tennis/pickleball courts and a pocket park.
- The development will be a gated community.
- Council response:
 - What is the number of types of units: 48 quads, 15 single family homes, and six duplex units
 - The scale of the development is reasonable.
 - Concern: the single family homes are so tight but are situated very close to a less-dense neighborhood; Mr. Crum: this is an in-fill site so there is more density here.
 - Mr. Longman likes the concept. It is something the town is missing.
 - Mr. Strayer: Concerned about the final quality of the product. Approval would hinge on the quality. He does not mind the density. The single family homes should have as high a quality on the back of the homes as on the front.

Informal Development Presentation – Lennar Homes

- Ty Rinehart, Lennar Homes: Lennar is requesting an amendment to the PUD for McCord Pointe, Section A, which is the ranch homes section.
